INVITATION

14th EURADH in combination with **7th WCARP** cordially invite scientists and engineers to take **advantage of this great opportunity for exchange** and to **propose talks and posters** with the latest findings of their work. This year's focus is on **sustainability, durability and industrial applications**, among all other **aspects of adhesive bonding and adhesion**. Please find the complete list of topics on the website.

For young researchers working in adhesion science in Europe the **ADHESION INNOVATION AWARD 2023** sponsored by the **Association of the European Adhesive & Sealant Industry (FEICA)** will be one of the conferences highlights.

Take the opportunity to meet your scientific colleagues and friends in an **informal atmosphere** and **exchange ideas intensively!** The wonderful landscape of the Alpine foothills and the social programme we have planned provide the appropriate networking framework for this.

See you in September 2023 in Garmisch-Partenkirchen!

Andreas Hartwig & Elisabeth Stammen
Conference Chairs

In cooperation with  **FEICA**[®]

PAPER SUBMISSION

The abstract submission will be possible via **Converia Conference Management System**.

Please submit your paper in form of a **1-page abstract** as pdf-file by **31 January 2023 at the latest**. The abstract should explicitly mention objectives, new results and conclusions or significance of the work (template provided online). Accepted abstracts will be published for all conference participants in a book of abstracts.

Please note: registration fee cannot be waived for authors.
